Judy and I would really welcome your views especially on the content of our bridge programmes. Swiss events, teams, two session events, seminars, afternoon bridge, duplimated boards all attract comment. It would be helpful to us to be able to reflect a majority view when planning your future holidays.

Please feel free to comment on any of the above points or to raise any others.

Our first visit to Antalya is almost upon us. Those of you who booked early are aware that we had an enforced change of hotel. The package is identical and having visited the Royal Holiday Palace we were pleasantly surprised to discover that some of the facilities are superior to the Royal Wings. It is owned by the same company and is practically next door to the original venue.

N.B. Because of recent cancellations we now have two single places remaining.

New Year 30th December 2011 - 6th January 2012

As always New Year in Reading goes from strength to strength, we are almost fully booked for the New Year period itself and the second break 2nd - 6th January 2012 is attracting record numbers. Please book soon if you are interested to avoid being disappointed.
